next year
the future
everything

We will always cherish the many memories found in our days at P.H.S. Memories that are part of the brotherhood we have. Each day we say, I give my love today, for I know not of tomorrow. In this way we give to each other, now, the most important time. For years from now when we have parted, we will remember that in this time we were always together . . .

Therefore, we the senior class dedicate the 1974 Legend to Brotherhood.

The Legend

Foreword

. . . and beyond the window lies the future
of which they speak,
And where they stand is
a place in a school which
prepares them for it.

Look not mournfully into the past
Remember it warmly
Go forth to meet the shadowy future
But go beyond the uncertain into the sunlight,
Without fear and with a strong heart.

Remember how we spent the nightime counting out the stars,
Too late for the beach, too early for the bars.
All of us together would raise our glasses high
and drink a toast to times gone by.

The times, oh we had some times
when the world was the color of neon signs.
Each of us and all of us killed our dreams with rye
and tried to crowd a lifetime into times gone by.

Remember how the Sunday morning bells were always ringing
and out along the waterfront we'd hear the big men singing.
In some long-forgotten time, some August or July,
Even then we'd talk about the times gone by.

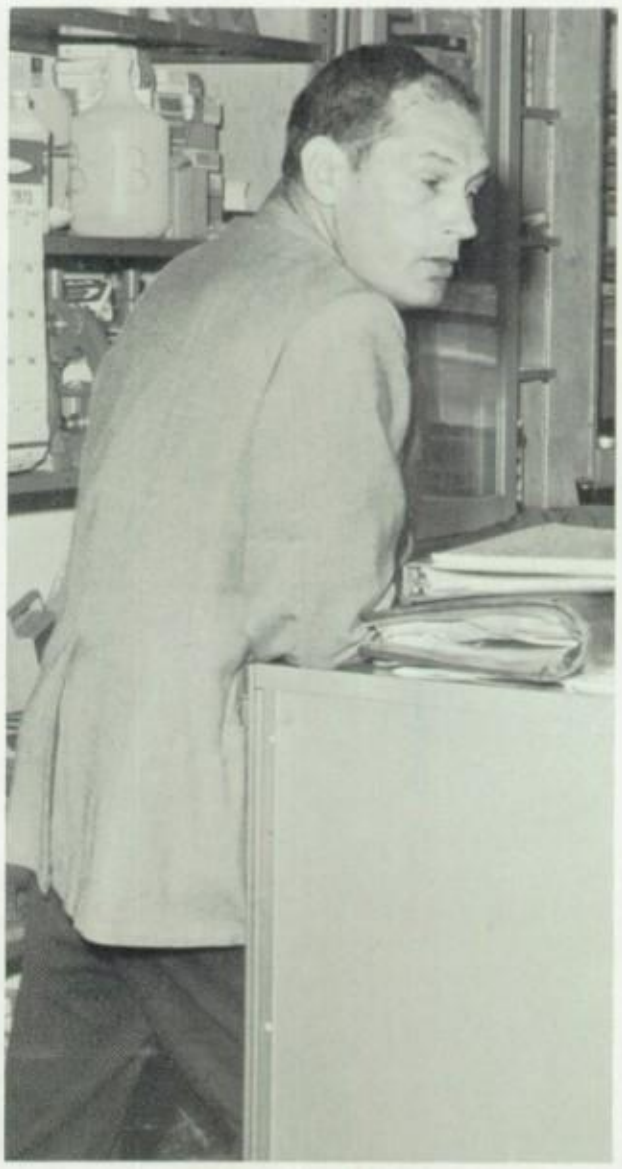
To Bill,
I will miss bugging you in Roy Sullivans class while you are sleeping. Good Luck in future years to come. Sharon (Rod)

In Appreciation

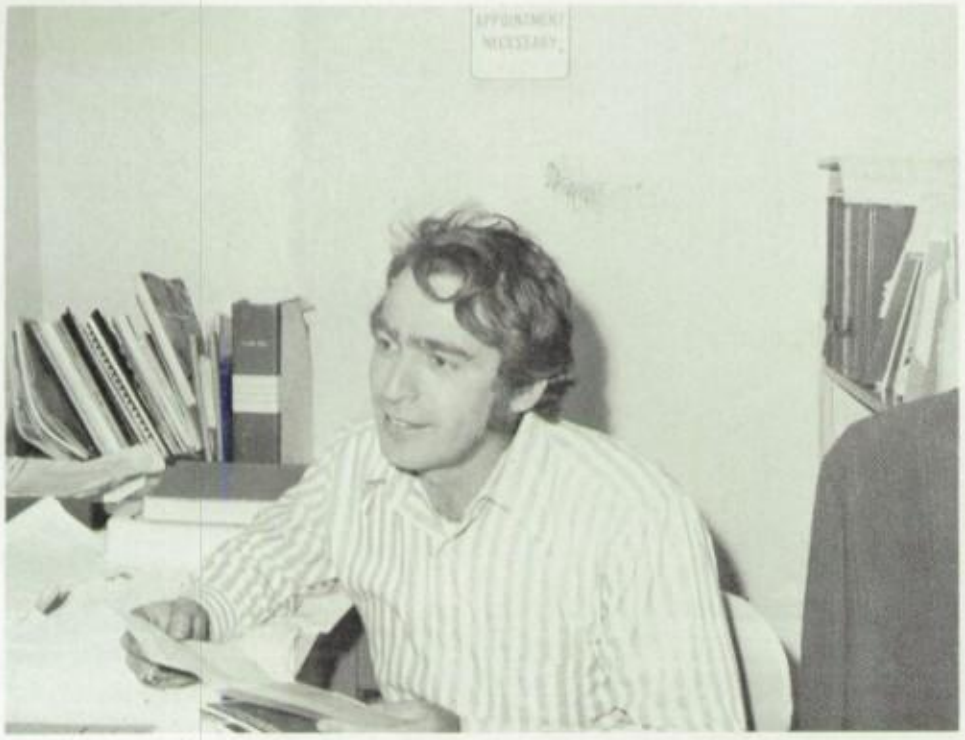
Mrs. Rose Ayres



Mr. Louis Souza

It is necessary for all people to experience the open hand of friendship and guidance. We the class of 1974 feel that we all have touched this many times, during our high school years.

Because of this, we the Senior class would like to express our deepest and sincere appreciation and gratitude to Mrs. Rose Ayres, Mr. Joe Narcizo and Mr. Louis Souza.



Mr. Joseph Narcizo

Sight and sound and feeling tell me
That my youth is almost done,
But a voice that grows within me
Pleads — "Your life has just begun"

Am I willing to imagine
That this wishful thought is true,
That the joys I'll know tomorrow
Will surpass all those I knew?

And you, comrade, shall go with me
Though the trail wind far or near
From the scenes of early childhood
And the friends we still hold dear.

Superintendent's Message

To the Graduates, class of 1974

My sincere congratulations to each of you on this, your high school graduation.

You have shown a willingness to persevere to the final bell which would indicate to me that you are ready for life's battles.

I wish each of you success in all that you set out to accomplish in life. My hope would be that you show your appreciation to the people who are responsible for your progress thus far.

Principal's Message

My best wishes to the members of the Class of 1974 for a happy and successful future. The theme of your yearbook "Brotherhood" is very appropriate for happiness and success and is dependent on your fellow man. Without a mutual sharing of love, respect, and pledge of service between human beings, a lonely existence is forecast for you.

Assistant Principal's Message

The graduation of the Class of '74 generates within me two opposite but equal emotional reactions. In one respect I am delighted for the success of our seniors, and the perserverance of their parents, but in retrospect I know I will feel the sorrow of parting, as they represent the first graduating class with which I have been associated as Assistant Principal during their entire high school education.

As an education professional, I can only hope that their time spent at Portsmouth High School has had a lasting educational and social impact upon them, which will help make their future life satisfying to themselves as well as to the people with whom they inter-react.

Guidance

MR. ALBERT CATALDO
Guidance Director

The theme of the Yearbook of 1974 — "Brotherhood" shows that you are concerned about your fellow man. Jesus Christ, Mohandas Gandhi, Martin Luther King and others were also concerned and through their example and teachings tried to show us how to live in peace.

Your concerns, feelings and beliefs are significant but, more important is that you do what you can, in as many places as you can, to all the people you can, and for as long as you can — a very difficult goal for anyone.

It is my hope that as members of the Class of '74 you find the perfection you seek and through your efforts this world may become a better place for all.
